HHSAA AIR RIFLERY REGULATIONS

I. SPECIFIC OBJECTIVES

A. To select a state individual and team Air Riflery champion for boys and girls through tournament competition.

B. To recognize the combined efforts of all participating teams and schools in the tournament.

C. To promote and encourage the highest principles and standards of attitude and positive behavior.

D. To promote the highest principles of good citizenship in tournament competitions.

E. To promote safety awareness at all times.

II. OFFICIALS

Officials shall be selected by the Sport Coordinator and approved by the HHSAA Executive Director.

III. ELIGIBILITY

Each participant must be eligible under the rules of his/her league and under the eligibility requirements specified by the HHSAA.

IV. TOURNAMENT REPRESENTATION

Each league shall determine the method of selecting their entries, subject to the following allocation of participants for each league:

A. Representation for the tournament is limited to 60 boys and 60 girls. No league's entries should fall to less than five (5) according to the formula for selecting each league's number of entries.

B. With respect to each gender, the number of representatives for each league shall be determined by the following formula:

$$\frac{\textit{Number of Participating Teams in League}}{\textit{Number of Participating Teams in State}} \times \textit{Number of participating Spots}$$

All fractions of more than one-half shall be counted to the next whole number, with highest percentages considered to keep the total number of entries at the specified limits for boys and girls.

C. Schools may bring an unlimited number of individuals to the tournament, as long as they are qualified by their respective league and the league's entries to not exceed the total number allocated by the formula for determining league representation.

D. The slot for a qualified participant who cannot participate in the match belongs only to the league in which that athlete participates. Substitutions will come from the list of league alternates, following that league's rule for participation in HHSAA state tournaments. If the league cannot fill the vacancy with an alternate, the vacancy shall remain unfilled.

V. ENTRY DEADLINE

A. A league's list of entrants, including all required information on the entry form, must be submitted to the Sports Coordinator and HHSAA prior to the start of the tournament and no later than the date and time specified above. Please see the entry form for specific date/time deadline. This list shall include two alternates for each category.

B. Additionally, any changes to the names of the shooters who will make up a school's team for purposes of the team competition, including the use of a qualified alternate (those previously listed and submitted on the league's entry form), shall be provided to the statistical office no later than 15 minutes prior to the start of the tournament. Substitutions and alternates shall be determined by that league's coordinator or the league's designated representative (e.g. school's team head coach) provided that no school may enter more than one team per gender.
