REMINDER FOR COACHES WITH USA SWIMMING ATHLETES

For those coaches who have swimmers who also compete for a USA Swimming club team, for their times to count and be used for USA Swimming events, they must include the swimmer's USA Swimming ID in their Team Manger file. That ID can be obtained from the swimmer's club coach, or you can recreate it yourself *(The ID is MMDDYYFFFMLLLL M=Month D=Date Y=Year (birthday) FFF is first 3 letters of first name, M middle initial, LLLL 1st 4 letters of the last name.)* but it must be added manually to your Team Manager database.

The swimmer's ID is necessary for times to be electronically transmitted to the USA Swimming database.
