Any student-athlete or coach disqualified before, during, or after a state tournament game/match/event for unsportsmanlike conduct, flagrant verbal misconduct, or flagrant physical misconduct shall be disqualified from his/her next scheduled state tournament game/match/event for that sport. The student-athlete or coach has the right to appeal any such disqualification to an appeals committee for the particular sport. Should a student-athlete or coach be disqualified from the final state tournament game/match/event for that sport, said disqualification shall NOT carry over to the following school year's state tournament for that sport. Instead, the student-athlete's or coach's league shall determine any appropriate penalty or sanction.

SWIMMING AND DIVING TOURNAMENT

I. Specific Objectives

- A. To determine the state individual and team championships for boys and girls.
- B. To recognize the combined efforts of all the individual participants and participating schools in the state tournament.
- C. To encourage the highest principles and standards of general behavior.
- D. To promote the highest principles of citizenship in interscholastic athletics for swimming and diving.

II. Officials

- A. Volunteers shall be selected by the Sport Coordinator or his/her designee. Selections, whenever possible, should be made from a list of USSI officials.
 - 1. The Sport Coordinator shall arrange with host school or league for officials well in advance of the state meet.
 - 2. There shall be a Clerk of Course for trials and finals.
 - 3. Coaches shall act as officials whenever designated officials are not available. Coaches will be assigned by the Sport Coordinator or designee.
- B. All officials are requested to meet with the Sport Coordinator and Meet Referee one hour prior to the meet to review the rules and regulations and also to review their respective duties and responsibilities.
- C. All schools entering divers are expected to supply at least one judge. The person's name and qualifications as a judge must accompany the school's diving entry. The Sport Coordinator and Diving Coordinator shall select the judges and a referee from the list provided.

III. Eligibility

Each contestant must be eligible under the rules of his or her league and also under the requirements specified by the HHSAA Handbook.

IV. Rules Governing Tournament

- A. National Federation Rules shall prevail with modification of rules by HHSAA.
- B. All photographers must receive permission from the Sport Coordinator to take pictures.
- C. The championship will follow recommendations by the National Federation on procedures for relay events when doing a card-less meet.

V. Entries

- A. Entry deadline: League coordinators shall verify their league's entries and submit all such entries to the HHSAA office by 4:00 pm on the Friday of the week prior to the state meet.
- B. Each league shall purchase the appropriate computer disks, which will be used to input their individual and team relay qualifiers for the State Swimming and Diving Championships.
- C. Qualifying standards:

1. The Sport Coordinator shall appoint an Entry Committee to evaluate the qualifying times prior to the start of the practice meets. One month prior to the state meet, standards are to be re-evaluated. Schools are to be notified of any standards that need to be modified to assure twenty-four (24) competitors for each event.
 2. Qualifying standards for diving events using degree of difficulty plus total scores may be evaluated prior to practice season and one month prior to championships.
 3. A diver will qualify for participation in the state championship in diving as long as the diver meets the degree of difficulty and total scoring requirements for participation.
 4. Only times and scores made during the present high school season may be submitted for entry. A touch pad time on the first leg of a relay (leadoff swimmer) shall be allowed. No conglomerated time allowed.
 5. When there are more than twenty-four (24) qualifiers meeting state standards, any open lanes for trials will be filled with swimmers meeting the state consideration standards.
 6. Schools or leagues hosting sanctioned dual, triangular or quadrangle practice meets, divisional, sectional and league championships upon completion of meet, must send a copy of meet results to the Sport Coordinator or the HHSAA Executive Director.

- E. When a competitor is below the cut mark of 24 and is not given the opportunity to compete in the preliminaries of the HHSAA State Swimming and Diving Championship Meet, the competitor will not be assessed a charge for that event. This will not give the swimmer the opportunity to enter another individual event, but will allow the athlete (by selection of his/her school) to be eligible as a competitor on the school's relay team. This allows the individual the opportunity to compete in a full complement of events as allowed under HHSAA Swimming and Diving participation rules (e.g., two individual and two relay events or one individual and three relay events).
- F. There shall be a full complement of eight swimmers in the finals. In the event of a no-show or withdrawal, the heats are to be re-seeded by the Clerk. Two alternates shall be named for this purpose.
